

An Easter Scavenger hunt brought to you by the EASTER BUNNY

First, go and find something delicious to eat in a box,
You eat it in the morning, there are lots of colors to chew,
a note there will bring you to your next clue.

You are ready to go outside,
But first you need a coat,
Go there to find the next note.

Look where there is pool,
And don't be a fool,
Not the water one. There you can find the next clue.

Next find where you sit to eat,
It's not where you keep your feet,
Add the three pieces together to put the next clue together!

Look where your faces are atop the china pieces that can break,

It's not a fake,

There you will find a clue to help you in the next step.

Where might one go to find a movie or two,

Bring the whole crew

To find a note that is new.

Where might you let in the sun,

where you can fit out too and get some fun!!

There will be your next clue.

Next you will be finding the prize,

There are no lies,

Just go to closet that goes under your feet,

it looks like a triangle and keeps everything neat. Good Luck!!!
